OUR BLENDS

We feel tulip and daffodil plantings are most effective and exciting when planted as blends: carefully coordinated mixtures of different varieties. Done properly, the results are spectacular and quite different from any tulip or daffodil display you have ever seen. A large planting of one of our blends will literally stop traffic.

Testimonials:

BOUTONNIERE

“I am a horticulture professor and I also do the purchasing for the university’s teaching garden. The garden is open to the public and receives many visitors, especially during our annual spring festival. We have been very pleased with Colorblends’s bulb stock, which has been dependable and of consistently high quality.”

—MICHAEL D., WEST LAFAYETTE, IN

“This is the kind of email I love receiving from a client: ‘Jim, I sat on the porch yesterday. Every five minutes, someone stopped and told me how beautiful the tulips were! They are fantastic. I think people see your work as a town treasure. Cheers, Joe.’ It doesn’t get any better than that. Thank you, Colorblends!”

—JIM C., HADDONFIELD, NJ
